Dear Mr. Ragosmig-

Thank you for your letter of May 23rd which I received today. As soon as I will get the score of the Sonatine and I can see the changes you are proposing, I will return it to you by air mail, with my comments.

I am glad you plan to record the Sonatine for various Radios; but I wish you could also do a commercial recording, which I would be able to get and to hear.

May^I also remind you that you still owe me \$100.- (one hundred), as the balance of the "commission" you gave me; and to send it to me at your earliest convenience. Otherwise I will consider myself free to give the composition to other performers (which I have n't done until now).

In the meantime believe me, with all best wishes,

sincerely yours

Mario Castelnuovo-Tedesco
